INDEX

# Drooms Due Diligence Index™ for M&A deals

- Index structure in .xls
- Index structure in .xlsx
- File structure as .zip

## Everything you need

is organised and available at a glance →

Get ready for your next deal with a clear structure to your virtual data room. It's important to note that not all the documents listed below may be relevant to your transaction. Since every business and industry is different, you may need to adjust the index to your specific requirements. Simply add folders where more information is required and delete what is not relevant to the transaction.

If you need support in editing your index, our experts are happy to help. With Drooms Online Archive, you can ensure that your structured data room is securely and sustainably stored also post-transaction. Ultimately, everything you need is organised and available at a glance.
