

Drooms Online Archive

Close with confidence

Say goodbye to storing critical transaction data anywhere except within the platform you used to prepare, collaborate, and transact your deal. **Drooms Online Archive** ensures that your data is not only **securely stored** but also **easily accessible** at any time, independently, and without the risks associated with physical storage devices.

Why choose **Drooms Online Archive**?

- **Single source of truth:** All your transactional data securely stored on one holistic platform, accessible from anywhere at any time.
- **No delays:** The Online Archive is available immediately, no need to wait for the 24-hour USB delivery.
- **Faster transactions:** Close transactions faster without the logistical hassles of USB-sticks.
- **Advanced security:** Enhanced security measures ensure your data is completely protected.
- **ESG compliant:** Reduce electronic waste and carbon emissions, backed by 100% renewable energy-powered servers.
- **Cost-effectiveness:** Save on transportation costs and eliminate the need for physical storage solutions.
- **Legal protection:** With complete data and usage logs, you're fully equipped for any legal disputes post-transaction.
- **Uncompromised integrity:** Your data is maintained with absolute integrity, with no possibility of tampering.

Don't let outdated storage methods risk or delay your deal-closing process. Embrace the future of transactions with Drooms Online Archive and experience a new level of speed, security, efficiency, and sustainability.
